**Axion™** by Analog Way is a **Powerful High End Remote Controller** to manage, independently or simultaneously, several Switchers of the **iX Range**: Di-VentiX, EventiX, NatiX and CentriX, either as stand alone boxes or any kind of combination, including soft-edge blending.

Once connected to the **iX Switchers**, **Axion** can control up to 6 independent screen configurations, single or multiple, even in soft-edge blended mode. **Axion** controls all the effects and functionalities of the **iX Switchers**:

- Control of soft-edge blended presentations, on up to 6 different screens, horizontally or vertically,
- Size, shape, and position of the PIP,
- Transition effects,
- Control of sequences,
- Configuration of each input/output of the controlled Switchers.

Designed with a 16/9 TFT color touch screen for preview of all configurations, **Axion** is especially dedicated to facilitate the setting and programming of presentations on multi-screens. It perfectly fits high end large events with multi-rooms and very large screens using soft-edge blended technology.

The numerous user friendly, customizable and configurable presets enable preparation of the screen configuration, so that they are easily accessible during the presentation. A last minute modification is easy thanks to the direct input/output selection access.

Also equipped with a USB port, the complete configuration of the event can be saved for future use.

With its robust and "Live resistant" buttons and its quality T-Bar and joystick, **Axion** will help to manage multi-screen, multi-location live presentations with a total peace of mind.

### TECHNICAL SPECIFICATIONS

#### USER CONTROLS:

- TFT touch screen, 7"
- Buttons for direct access to inputs
- Buttons for direct access to units
- User programmable buttons
- Take, Freeze, Main and Preview selection
- T-Bar for smooth manually controlled transition
- Joystick for easy and fast set up of image or effect parameters

#### INPUTS / OUTPUTS CONNECTORS:

- RJ45 for TCP/IP Ethernet connection
- USB port
- RS232 Com Port

#### POWER SUPPLY:

Internal, universal, automatic  
100-250 VAC; 50/60 Hz (130W) (UL, CSA, GS, CE)  
On/Off power switch

#### SUPPLIED WITH:

- 1 x Power cable
- 1 x User manual

#### DIMENSIONS:

- Compatible 19", 6U
- P 15.5" x L 21.3" x H 4.95"
- P 395 mm x L 540 mm x H 125 mm
- Unit: P 10.5" x L 17.5" x H 4.35"
- P 265 mm x L 440 mm x H 110 mm

**WEIGHT:** 9 kg (20 lbs) no option

**WARRANTY:** 3 year warranty on parts and labor, back to factory

Specifications subject to change without prior notice
